

Carnival of Christmas Eve

by Zhou Ting from IT 0827

December 24th is well known as Christmas Eve. Did you go to revelry with your friends? Did you release a Kongming lantern to the sky? Did you get an apple? On the second floor of the Activity Center, a carnival started!

The carnival was presided by Miss Zhang and our foreign teacher, Jennifer. To begin, Jennifer told the story about the birth of Jesus Christ, or the nativity. Christmas is the birthday celebration of Jesus Christ. Then questions about Christmas were asked and students volunteered to answer them. If they got the right answer, a gift was awarded. Everyone was very eager to play and rushed to the stage. But not everyone was lucky. Wrong answers were only rewarded with candy. Then a nice English song was performed by Pan Jie. Next group dancing started as pairs of men and women marched with elegant steps. Melodious music and flying skirt, what a perfect combination!

After that, there came the second game named 'guessing words.' The game was simple, one can communicate using English or gestures to describe the words given for their partner to guess. Two groups were asked to compete and the winner would win apples, the losers only got bananas. The match was funny and the audience thoroughly enjoyed the show. To close, everyone rushed to the stage and danced to Christmas songs.
